  - Approx. 5.8 grams for violin*
  - Approx. 6.5 grams for viola*
  - Approx. 7.3 grams for cello*
  - Approx. 9.8 grams for bass*

### **INSTRUCTIONS**

- *Bow rehairing is a task that requires skill and experience and is the subject of many books. Therefore specific instructions are not provided.*
- *If you are not familiar with the bow repair process, we recommend doing appropriate research and practice on an inexpensive bow first.*
- *Note that the knot provided on Ultimate Bow Hair is not sealed so as to allow the rehairer the choice of tying a knot of their own preference, or using the one supplied, in which case the knot must be inspected for tightness, then the knot and hair ends need to be sealed.*

### **WARRANTY & LIMITATIONS**

*REZX™ products due to their simplicity and low cost are sold as is with no express or implied warranties or guarantees. The user is solely responsible to ensure REZX™ products are handled safely, used for the purpose intended as described above, and kept away from children and pets. Modification of the product may pose a health and safety risk. The user accepts full responsibility to evaluate and accept all risks and consequences associated with the use of REZX™ products.*
